Detailed Definitions

Tour (1character code)

R – PGA TOUR

S – Champions TOUR

H – Nationwide tour

Tour Description (text)

“PGA TOUR”, “Champions TOUR”, “Nationwide Tour”

Tournament Year (4 digit numeric)

Four digit year of the event

Tournament Schedule # (3 digit numeric)

The tournament 3 digit sequence number of the particular event. Events are sequenced in the order of the tournament schedule for a given year. Sequence numbers are normally in increments of 10.

Permanent Tournament # (3 digit numeric)

The unique three digit number assigned to a tournament. The number remains consistent from year to year whereas the Schedule number is tied to a tournament’s chronological place in the schedule for the year.

Character team ID (3 character)

Three Character identifier allowing for the identification of team members in an event. It is usually used to identify members of Ryder Cup, President Cup and World Cup teams.

Team Number (3 digit numeric)

Three digit numeric identifier allowing for identification of a team in an event. It can be used in conjunction with a Character team ID to identify a team that played a competitive event within an event, such as a team playing a competitive round in the Ryder Cup.

Player Number (5 digit numeric)

A unique 4 or 5 digit number assigned to each player

Player Name (text)

The player's full name

Player Age (text)

Players age, formatted in years, months and days

Tournament Name (text)

The full name of the Tournament at which the event was played

Official Event (Y/N) (text)

A Y/N flag indicating whether or not the tournament is official.

FedEx Cup Points

The number of FedEx Cup points a player earned in this event.

Money Won

Money earned for a player in the event.

Finish Position (numeric)

Player's finish position in the event if the player finished in the money. Other players have a value of 999 in this field.

Finish Position (text)

Player's finish position in the event with indication for ties, cut, DQ, etc.

Round 1 Score (numeric)

Player's score for the first round of play

Round 1 Finish Position (numeric)

Player's position in the field after one round of play

Round 2 Score (numeric)

Player's score for the second round of play

Round 2 Finish Position (numeric)

Player's position in the field after two rounds of play

Round 3 Score (numeric)

Player's score for the third round of play

Round 3 Finish Position (numeric)

Player's position in the field after three rounds of play

Round 4 Score (numeric)

Player's score for the fourth round of play

Round 4 Finish Position (numeric)

Player's position in the field after four rounds of play

Round 5 Score (numeric)

Player's score for the fifth round of play

Round 5 Finish Position (numeric)

Player's position in the field after five rounds of play

Round 6 Score (numeric)

Player's score for the sixth round of play

Round 6 Finish Position (numeric)

Player's position in the field after six rounds of play

Lowest Round (numeric)

The player's lowest round score for the event.

Scoring Average (Total strokes) (numeric)

Number of strokes required to complete the event.

Scoring Average – actual (total rounds) (numeric)

Number of rounds the player played at the event.

Scoring Average (Total strokes) (numeric)

Number of strokes required to complete the event.

Scoring Average (Total Adjustment) (numeric)

This adjustment is computed by determining the stroke average of the field for the event. This average is subtracted from par to create a scoring average adjustment for the event.

Adjusted Scoring Average (Rank) (numeric)

Player's rank, when compared to the other players who played the event, of the ratio of adjusted round scores (using the above adjustment) to rounds played

Number of Eagles (numeric)

Total number of eagles scored in the event.

Eagles (Rank) (numeric)

Player's rank, when compared to the other players who played the event, for total number of eagles scored in the event

Number of Birdies (numeric)

Total number of birdies scored in the event.

Birdies (Rank) (numeric)

Player's rank, when compared to the other players who played the event, for total number of birdies scored in the event

Number of Pars (numeric)

Total number of pars scored in the event.

Number of Bogeys (numeric)

Total number of bogeys scored in the event.

Bogeys (Rank) (numeric)

Player's rank, when compared to the other players who played the event, for total number of bogeys scored in the event

Number of Double Bogeys (numeric)

Total number of double bogeys scored in the event.

Number of Others (numeric)

Total number of holes where the player scored worse than double bogey in the event.

Holes Over Par (numeric)

Total number of holes where the player scored worse than par in the event.

Bogey Avoidance Rank (numeric)

Player's rank, when compared to the other players who played the event, of the ratio of scores above par to holes played

Birdie or Better Conversion % (# Birdies) (numeric)

Number of times a player has finished a hole under par when hitting the green in regulation.

Birdie or Better Conversion % (# Greens Hit) (numeric)

Number of times any part of a player's ball is touching the putting surface and the number of strokes taken is two or less than par.

Longest Drive (3 digit numeric)

The distance in yards, of the longest shot the player had from the tee box.

Longest Drive (rank) (numeric)

Player's rank, when compared to the other players who played the event, of the longest shot the player had from the tee box.

Driving Distance (Total Distance) (numeric)

The total distance, in yards, of the measured drives for the event. These drives are measured on two holes per round. Care is taken to select two holes which face in opposite directions to counteract the effects of wind. Drives are measured to the point they come to rest regardless of whether they end in the fairway or not.

Driving Distance (Total Drives) (numeric)

The number of measured drives for the event. These drives are customarily measured on two holes per round. Care is taken to select two holes which face in opposite directions to counteract the effects of wind. Drives are measured to the point they come to rest regardless of whether they end in the fairway or not.

Driving Distance (Rank) (numeric)

Player's rank, when compared to the other players who played the event, for average distance of measured drives as described above.

Driving Distance – All Drives (yds) (numeric)

Accumulated distance of all drives for the event on all holes that are not Par 3's.

Driving Distance - All Drives (Rank) (numeric)

Player's rank, when compared to the other players who played the event, for average distance of all drives as described above.

Drives Over 300 Yards (numeric)

Number of times in the event the player drove the ball a distance greater than 300 yards

Driving Accuracy % (Fairways Hit) (numeric)

The number of tee shots that land in the fairway in the round on all holes other than Par 3's.

Driving Accuracy % (Possible Fairwayss) (numeric)

Accumulated number of tee shots for the event for all holes which are not Par 3's.

Driving Accuracy (Rank) (numeric)

Player's rank, when compared to the other players who played the event, for the percentage of time his drive hits the fairway.

Total Driving (rank) (numeric)

Player's rank, when compared to the other players who played the event, for the accumulation of the ranks for the Driving Distance and Driving Accuracy ranks

Left Rough Tendency (total left rough) (numeric)

The number of times a player's tee shot landed in the left rough on par 4 and par 5 holes.

Right Rough Tendency (total right rough) (numeric)

The number of times a player's tee shot landed in the right rough on par 4 and par 5 holes.

Approaches from 50-75 yards (ft) (numeric with three decimal places)

Accumulated amount of the remaining distance to the hole for all approach shots taken by the player from 50 up to but not including 75 yards from the pin.

Approaches from 50-75 yards (attempts) (numeric)

Number of approach shots taken by the player from a distance of 50 yards, up to but not including 75 yards from the pin

Approaches from 75-100 yards (ft) (numeric with three decimal places)

Accumulated amount of the remaining distance to the hole for all approach shots taken by the player from 75 up to but not including 100 yards from the pin.

Approaches from 75-100 yards (attempts) (numeric)

Number of approach shots taken by the player from a distance of 75 yards, up to but not including 100 yards from the pin.

Approaches from 100-125 yards (ft) (numeric with three decimal places)

Accumulated amount of the remaining distance to the hole for all approach shots taken by the player from 100 up to but not including 125 yards from the pin.

Approaches from 100-125 yards (attempts) (numeric)

Number of approach shots taken by the player from a distance of 100 yards, up to but not including 125 yards from the pin.

Approaches from 50-125 yards (ft) (numeric with three decimal places)

Accumulated amount of the remaining distance to the hole for all approach shots taken by the player from 50 yards, up to but not including 125 yards from the pin.

Approaches from 50-125 yards (attempts) (numeric)

Number of approach shots taken by the player from a distance of 50 yards, up to but not including 125 yards or more from the pin.

Approaches from 125-150 yards (ft) (numeric with three decimal places)

Accumulated amount of the remaining distance to the hole for all approach shots taken by the player from 125 yards, up to but not including 150 yards from the pin.

Approaches from 125-150 yards (attempts) (numeric)

Number of approach shots taken by the player from a distance of 125 yards, up to but not including 150 yards or more from the pin.

Approaches from 150-175 yards (ft) (numeric with three decimal places)

Accumulated amount of the remaining distance to the hole for all approach shots taken by the player from 150 yards, up to but not including 175 yards from the pin.

Approaches from 150-175 yards (attempts) (numeric)

Number of approach shots taken by the player from a distance of 150 yards, up to but not including 175 yards or more from the pin.

Approaches from 175-200 yards (ft) (numeric with three decimal places)

Accumulated amount of the remaining distance to the hole for all approach shots taken by the player from 175 yards, up to but not including 200 yards from the pin.

Approaches from 175-200 yards (attempts) (numeric)

Number of approach shots taken by the player from a distance of 175 yards, up to but not including 200 yards or more from the pin.

Approaches from >200 yards (ft) (numeric with three decimal places)

Accumulated amount of the remaining distance to the hole for all approach shots taken by the player from 200 yards or more from the pin.

Approaches from >200 yards (attempts) (numeric)

Number of approach shots taken by the player from a distance of 200 yards or more from the pin.

Approaches from 50-75 yards (ft) - Rough (numeric with three decimal places)

Accumulated amount of the remaining distance to the hole for all approach shots taken from the rough by the player from 50 up to but not including 75 yards from the pin.

Approaches from 50-75 yards (attempts) - Rough (numeric)

Number of approach shots taken from the rough by the player from a distance of 50 yards, up to but not including 75 yards from the pin

Approaches from 75-100 yards (ft) - Rough (numeric with three decimal places)

Accumulated amount of the remaining distance to the hole for all approach shots taken from the rough by the player from 75 up to but not including 100 yards from the pin.

Approaches from 75-100 yards (attempts) - Rough (numeric)

Number of approach shots taken from the rough by the player from a distance of 75 yards, up to but not including 100 yards from the pin.

Approaches from 100-125 yards (ft) - Rough (numeric with three decimal places)

Accumulated amount of the remaining distance to the hole for all approach shots taken from the rough by the player from 100 up to but not including 125 yards from the pin.

Approaches from 100-125 yards (attempts) - Rough (numeric)

Number of approach shots taken from the rough by the player from a distance of 100 yards, up to but not including 125 yards from the pin.

Approaches from 50-125 yards (ft) - Rough (numeric with three decimal places)

Accumulated amount of the remaining distance to the hole for all approach shots taken from the rough by the player from 50 yards, up to but not including 125 yards from the pin.

Approaches from 50-125 yards (attempts) - Rough (numeric)

Number of approach shots taken from the rough by the player from a distance of 50 yards, up to but not including 125 yards or more from the pin.

Approaches from 125-150 yards (ft) - Rough (numeric with three decimal places)

Accumulated amount of the remaining distance to the hole for all approach shots taken from the rough by the player from 125 yards, up to but not including 150 yards from the pin.

Approaches from 125-150 yards (attempts) - Rough (numeric)

Number of approach shots taken from the rough by the player from a distance of 125 yards, up to but not including 150 yards or more from the pin.

Approaches from 150-175 yards (ft) - Rough (numeric with three decimal places)

Accumulated amount of the remaining distance to the hole for all approach shots taken from the rough by the player from 150 yards, up to but not including 175 yards from the pin.

Approaches from 150-175 yards (attempts) - Rough (numeric)

Number of approach shots taken from the rough by the player from a distance of 150 yards, up to but not including 175 yards or more from the pin.

Approaches from 175-200 yards (ft) - Rough (numeric with three decimal places)

Accumulated amount of the remaining distance to the hole for all approach shots taken from the rough by the player from 175 yards, up to but not including 200 yards from the pin.

Approaches from 175-200 yards (attempts) - Rough (numeric)

Number of approach shots taken from the rough by the player from a distance of 175 yards, up to but not including 200 yards or more from the pin.

Approaches from >200 yards (ft) - Rough (numeric with three decimal places)

Accumulated amount of the remaining distance to the hole for all approach shots taken from the rough by the player from 200 yards or more from the pin.

Approaches from >200 yards (attempts) - Rough (numeric)

Number of approach shots taken from the rough by the player from a distance of 200 yards or more from the pin.

Total Holes Played (numeric)

Number of holes the player played in the event.

GIR % (# Greens Hit) (numeric)

Total holes where the player hit the green in regulation. This means any part of a player's ball is touching the putting surface and the number of strokes taken is two or less than par.

GIR % (rank) (numeric)

Player's rank, when compared to the other players who played the event, for the percentage of time a player hits the green in regulation as described above.

Total Distance (ft) – Proximity to Hole (numeric)

The accumulated distance (in feet) the ball comes to rest from the hole after all the player's approach shots in the event. The approach shot must originate from a position not on or around the green and end on or around the green or in the hole. Note: A ball is considered around the green if it is within 30 yards of the edge of the green.

of Attempts Proximity to Hole (numeric)

The number of approach shots the player used in the event. An approach shot must originate from a position not on or around the green and end on or around the green or in the hole. Note: A ball is considered around the green if it is within 30 yards of the edge of the green.

Proximity to the Hole (rank) (numeric)

Player's rank, when compared to the other players who played the event, for the average distance (in feet) the ball comes to rest from the hole after all the player's approach shots in the event.

Fairway Proximity (attempts) (numeric)

The total number of approach shots hit from the fairway or the tee box on a par 3, but not around the green. The approach shot must end on or around the green or in the hole. Note: 'Around the green' indicates the ball is within 30 yards of the edge of the green.

Fairway Proximity (total dist. – ft) (numeric)

The accumulated distance remaining to the hole for all approach shots hit from the fairway or the tee box on a par 3, but not around the green. The approach shot must end on or around the green or in the hole. Note: 'Around the green' indicates the ball is within 30 yards of the edge of the green.

Fairway Proximity (rank) (numeric)

Player's rank, when compared to the other players who played the event, for the average distance (in feet) the ball comes to rest from the hole after all the player's approach shots from the fairway or tee box on par 3's in the event.

Rough Proximity (attempts) (numeric)

The total number of approach shots hit from the rough, but not around the green. The approach shot must end on or around the green or in the hole. Note: 'Around the green' indicates the ball is within 30 yards of the edge of the green.

Rough Proximity (total dist. – ft) (numeric)

The accumulated distance remaining to the hole for all approach shots hit from the rough, but not around the green. The approach shot must end on or around the green or in the hole. Note: 'Around the green' indicates the ball is within 30 yards of the edge of the green.

Rough Proximity (rank) (numeric)

Player's rank, when compared to the other players who played the event, for the average distance (in feet) the ball comes to rest from the hole after all the player's approach shots from the rough in the event.

Left Rough Proximity (attempts) (numeric)

The total number of approach shots hit from the left rough, but not around the green. The approach shot must end on or around the green or in the hole. Note: 'Around the green' indicates the ball is within 30 yards of the edge of the green.

Left Rough Proximity (total dist. – ft) (numeric)

The accumulated distance remaining to the hole for all approach shots hit from the left rough, but not around the green. The approach shot must end on or around the green or in the hole. Note: 'Around the green' indicates the ball is within 30 yards of the edge of the green.

Right Rough Proximity (attempts) (numeric)

The total number of approach shots hit from the right rough, but not around the green. The approach shot must end on or around the green or in the hole. Note: 'Around the green' indicates the ball is within 30 yards of the edge of the green.

Right Rough Proximity (total dist. – ft) (numeric)

The accumulated distance remaining to the hole for all approach shots hit from the right rough, but not around the green. The approach shot must end on or around the green or in the hole. Note: 'Around the green' indicates the ball is within 30 yards of the edge of the green.

Going for the Green (# attempts) (numeric)

Number of times a player's first shot on a par 4 hole or second shot on a par 5 hole lands on or around the green, or in the case of a second shot on a par 5 hole, in the water.

Going for the Green (# non-attempts) (numeric)

Number of holes on which a player in the field went for the green but this player did not. A player is considered going for the green if his first shot on a par 4 hole or second shot on a par 5 hole lands on or around the green, or in the case of a second shot on a par 5 hole, in the water.

Going for the Green (# successes) (numeric)

Number of times a player's first shot on a par 4 hole or second shot on a par 5 hole land on the green.

Scrambling # Par or Better (success) (numeric)

Number of times a player missed the green in regulation, but still made par or better.

Scrambling # Missed GIR (attempts) (numeric)

Number of times in the event a player missed the green in regulation.

Scrambling (rank) (numeric)

Player's rank, when compared to the other players who played the event, for the percentage of time a player missed the green in regulation, but still made par or better.

Scrambling from the Rough (success) (numeric)

The number of times a player misses the green in regulation, but still makes par or better when the birdie stroke is taken from the rough.

Scrambling from the Rough (attempts) (numeric)

The number of times a player misses the green in regulation and the birdie stroke is taken from the rough.

Scrambling from the Fringe (success) (numeric)

The number of times a player misses the green in regulation, but still makes par or better when the birdie stroke is taken from the fringe.

Scrambling from the Fringe (attempts) (numeric)

The number of times a player misses the green in regulation and the birdie stroke is taken from the fringe.

Average Distance of Putts Made (Total Distance) (numeric)

Total distance of all putts, in inches, that ended in the hole.

Total Rounds Played (numeric)

Number of rounds played.

Putting from 3' (Attempts) (numeric)

Number of putts attempted where the ball starts three feet or less from the hole.

Putting from 3' (Putts Made) (numeric)

Number of putts made where the ball starts three feet or less from the hole.

Putting from 4' (Attempts) (numeric)

Number of putts attempted where the ball starts from more than three, up to and including four feet from the hole.

Putting from 4' (Putts Made) (numeric)

Number of putts made where the ball starts more than three, up to and including four feet from the hole.

Putting from 5' (Attempts) (numeric)

Number of putts attempted where the ball starts from more than four, up to and including five feet from the hole.

Putting from 5' (Putts Made) (numeric)

Number of putts made where the ball starts more than four, up to and including five feet from the hole.

Putting from 6' (Attempts) (numeric)

Number of putts attempted where the ball starts from more than five, up to and including six feet from the hole.

Putting from 6' (Putts Made) (numeric)

Number of putts made where the ball starts more than five, up to and including six feet from the hole.

Putting from 7' (Attempts) (numeric)

Number of putts attempted where the ball starts from more than six, up to and including seven feet from the hole.

Putting from 7' (Putts Made) (numeric)

Number of putts made where the ball starts more than six, up to and including seven feet from the hole.

Putting from 8' (Attempts) (numeric)

Number of putts attempted where the ball starts from more than seven, up to and including eight feet from the hole.

Putting from 8' (Putts Made) (numeric)

Number of putts made where the ball starts more than seven, up to and including eight feet from the hole.

Putting from 9' (Attempts) (numeric)

Number of putts attempted where the ball starts from more than eight, up to and including nine feet from the hole.

Putting from 9' (Putts Made) (numeric)

Number of putts made where the ball starts more than eight, up to and including nine feet from the hole.

Putting from 10' (Attempts) (numeric)

Number of putts attempted where the ball starts from more than nine, up to and including ten feet from the hole.

Putting from 10' (Putts Made) (numeric)

Number of putts made where the ball starts more than nine, up to and including ten feet from the hole.

Putting Inside 5' (Attempts) (numeric)

Number of putts attempted where the ball starts less than or equal to five feet from the hole.

Putting Inside 5' (Putts Made) (numeric)

Number of putts made where the ball starts less than or equal to five feet from the hole.

Putting Inside 5' (rank) (numeric)

Player's rank, when compared to the other players who played the event, for the percentage of time a player makes a putt where the ball starts less than or equal to five feet from the hole.

Putting from 5-10' (Putts Made) (numeric)

Number of putts made where the ball starts more from greater than or equal to 10 feet and less than 15 feet from the hole.

Putting from 5-10' (rank) (numeric)

Player's rank, when compared to the other players who played the event, for the percentage of made where the ball starts from greater than or equal to 10 feet and less than 15 feet from the hole.

Putting From 4-8' (Attempts) (numeric)

Number of putts attempted where the ball starts more than 4 ft. and less than or equal to 8 ft. from the hole.

Putting From 4-8' (Putts Made) (numeric)

Number of putts made where the ball starts more than 4 ft. and less than or equal to 8 ft. from the hole.

Putting from 4-8' (rank) (numeric)

Player's rank, when compared to the other players who played the event, for the percentage of made where the ball starts from greater than or equal to 4 feet and less than 8 feet from the hole.

Putting Inside 10' (Attempts) (numeric)

Number of putts attempted where the ball starts less than or equal to ten feet from the hole.

Putting Inside 10' (Putts Made) (numeric)

Number of putts made where the ball starts less than or equal to ten feet from the hole.

Putting Inside 10' (rank) (numeric)

Player's rank, when compared to the other players who played the event, for the percentage of time a player makes a putt where the ball starts less than or equal to ten feet from the hole.

Putting from 10-15' (Attempts) (numeric)

Number of putts attempted where the ball starts from greater than or equal to 10 feet and less than 15 feet from the hole.

Putting from 10-15' (Putts Made) (numeric)

Number of putts made where the ball starts from greater than or equal to 10 feet and less than 15 feet from the hole.

Putting from 10-15' (rank) (numeric)

Player's rank, when compared to the other players who played the event, for the percentage of made where the ball starts from greater than or equal to 10 feet and less than 15 feet from the hole.

Putting from 15-20' (Attempts) (numeric)

Number of putts attempted where the ball starts from greater than or equal to 15 feet and less than 20 feet from the hole.

Putting from 15-20' (Putts Made) (numeric)

Number of putts made where the ball starts from greater than or equal to 15 feet and less than 20 feet from the hole.

Putting from 15-20' (rank) (numeric)

Player's rank, when compared to the other players who played the event, for the percentage of made where the ball starts from greater than or equal to 15 feet and less than 20 feet from the hole.

Putting from 20-25' (Attempts) (numeric)

Number of putts attempted where the ball starts from greater than or equal to 20 feet and less than 25 feet from the hole.

Putting from 20-25' (Putts Made) (numeric)

Number of putts made where the ball starts more from greater than or equal to 20 feet and less than 25 feet from the hole.

Putting from 20-25' (rank) (numeric)

Player's rank, when compared to the other players who played the event, for the percentage of made where the ball starts from greater than or equal to 20 feet and less than 25 feet from the hole.

Putting from >25' (Attempts) (numeric)

Number of putts attempted where the ball starts 25 feet or more from the hole.

Putting from >25' (Putts Made) (numeric)

Number of putts made where the ball starts 25 feet or more from the hole.

Putting from >25' (rank) (numeric)

Player's rank, when compared to the other players who played the event, for the percentage of made where the ball starts 25 feet or more from the hole.

Putting from >10' (Attempts) (numeric)

Number of putts attempted where the ball starts 10 feet or more from the hole.

Putting from >10' (Putts Made) (numeric)

Number of putts made where the ball starts 10 feet or more from the hole.

Putting from >10' (rank) (numeric)

Player's rank, when compared to the other players who played the event, for the percentage of made where the ball starts 10 feet or more from the hole.

Total Putts Gained (numeric)

Average number of strokes the player gained on the field per round putting. (Player vs. Baseline) minus (Field vs. baseline)

Total Rounds Played (Putts Gained) (numeric)

of rounds the Player played that was measured with a laser and eligible for statistics.

Putts Gained (rank) (numeric)

Player's rank, when compared to the other players who played the event, for the average number of stokes the player gained or lost on the field per round putting.

Strokes Gained: Tee to Green. (TTL SG T2G)

The number of Strokes the player was better or worse than the field average on the same course & event minus the Players Strokes Gained putting value.
